

DEVELOPMENT OF POLICY

The board has jurisdiction to legislate policy for the school district with the force and effect of law. Board policy provides the general direction as to what the board wishes to accomplish while allowing the superintendent to implement board policy.

The written policy statements contained in this manual provide guidelines and goals to the citizens, administration, employees and students in the school district community. The policy statements shall be the basis for the formulation of regulations by the administration. The board shall determine the effectiveness of the policy statements by evaluating periodic reports from the administration.

Policy statements may be proposed by a member of the board, administration, employees, students or other members of the school district community. Proposed policy statements or ideas shall be submitted to the board through the superintendent's office for placement on the board agenda. It shall be the responsibility of the superintendent to bring these proposals to the attention of the board.
